

PROFESSIONAL SUMMARY

Skilled software developer with 1+ year of experience in full-stack development. Proficient in Angular, React.js, C#, Node.js, ASP.NET, and database management (MySQL, MS SQL Server, Firebase). Experienced in server administration, IIS deployment, and SSL management. Committed to building efficient, secure, and user-friendly applications

EDUCATION

University of Johannesburg

Diploma in Business Information Technology
2021 – 2023

Nndweleni Secondary School

National Senior Certificate
2019

TECHNICAL SKILLS

- Frontend Development: HTML, CSS, JavaScript, React.js, Angular
- Backend Development: Node.js, C#, ASP.NET
- Databases: MySQL, MS SQL Server, Firebase (NoSQL)
- Server & DevOps: Windows Server, Linux, IIS Deployment, SSL Certificates, User/Admin Management
- Other Tools: Git, Visual Studio, DBeaver, Microsoft Office Suite
- Soft Skills: Problem-solving, teamwork, communication

CERTIFICATIONS

- Full Stack Development
- Problem-Solving, Algorithms, Introductory Python
- Tutor Recognition Certificate
- Microsoft 365 Fundamentals
- IBM AI Fundamentals
- Google Data Analytics Certificate

PROFESSIONAL EXPERIENCE

Software Developer Experiential Trainee

State Information Technology Agency | 2025 – Present

- Develop and maintain client-facing websites using Angular, C#, ASP.NET.
- Deploy and manage applications on Windows Server/IIS.
- Administer Windows Server, Linux, and MS SQL Server:
 - Add and manage users/admins
 - Reset and change passwords
 - Monitor system performance
- Configure and manage SSL certificates for secure connections.
- Perform database cleaning, recovery, and migration (MySQL, MS SQL Server).
- Integrate web applications with mail servers to automate notifications.
- Collaborate with senior developers to optimize performance and troubleshoot issues.

Software Developer Intern

State Information Technology Agency | 2024 – 2025

- Maintained client websites for data management, user authorization, and document uploads.
- Assisted with database migration and recovery tasks.
- Supported integration of web applications with backend servers and email systems.
